Room 1471
Rockville, MD 20857

Dear Commissioner:

RE: NUTRITIONAL SUPPLEMENTS

I am a 74 year-old congestive heart failure patient. I had 4 bypasses done ten years ago, and am also a recipient of a pacemaker and a defibrillator. I also take vitamins daily and they are as follows:

Vitamins - B complex, B6, B12, and Folic Acid to control the homocystein accumulation in my arteries, 8 1,000 units of E vitamin daily.

I am in favor of the F.D.A.'s prompt approval of all the claims already submitted in favor of these substances being cardiovascular relievers. I am also in prompt approval of Saw Palmetto for the symptoms of having prostatic hyperplasia and am also in favor of psyllium husk seeds.

Millions of patients like me are fighting to turn the F.D.A. completely in favor of the prompt approval that we have been long awaiting.

Very truly yours,

Orlando Angelo
